Preface

THE Edmund G. Hamersly Collection of Japanese Swords, Fire Arms, Spear Points, Sword Furniture and Ivories has been exhibited in the North Corridor of the Pennsylvania Museum, Fairmount Park, Philadelphia, Pa., for a number of years.

The kashiras, fuchis, menukis, kozukas and tsubas are of particular interest representing as they do the highest skill of the Oriental chaser and worker in metals.

The Swords and Daggers include a great variety of styles in various sizes and many fine blades beautifully etched, engraved, grooved and pierced.

The Ivory and Wood Carvings include an unusually fine series of Netsukes or Ornaments used to suspend the tobacco pouch from the obi or belt, which in point of variety and workmanship is probably not equaled by any other similar collection in this country.

TERMS OF SALE OF PERSONAL PROPERTY.

SPECIAL NOTICE—No employee is authorized to alter these terms.

Bidders take notice: That by bidding they acknowledge to have full knowledge of these terms and agree to be bound thereby. Bidders shall be held liable under the Terms of Sale for every article knocked down to them.

The Auctioneers reserve the right to add one or more terms to the following Terms of Sale.

1 The highest bidder to be the buyer, subject to the terms of sale, and if any dispute arises between two or more bidders, the Auctioneers shall either decide the same or the lot so in dispute shall be immediately put up again and re-sold.

2 Any bid which is merely a nominal or fractional advance may be rejected by the Auctioneer if in his judgment such bid would be likely to affect the sale injuriously.

3 Every article sold singly; nothing sold by the pair.

4 Purchasers to give names and addresses, and to make a deposit of 25 per cent., or as much as the Auctioneers may require in part payment, or the whole of the purchase money if required; in default of which the lot or lots so purchased to be immediately put up again and re-sold.

5 All deposits made are applicable to any or all purchases either at this sale or at any previous sale.

6 The lots to be taken away and paid for at the buyer's risk and expense within the time announced by the Auctioneer, the Auctioneers not being responsible for the correct description, genuineness, authenticity or defect in any lot, and making no warranty unless specially mentioned at the time of sale. No sale will be set aside nor allowance made on account of any incorrectness, error in cataloguing, or any imperfection not noted. No deduction on damaged articles, all goods are exposed for public exhibition, and sold just as they are. Purchases will be delivered only upon presentation of receipted bill therefor.

7 To prevent inaccuracy in delivery and inconvenience in settlement of the purchases, no lot can on any account be removed during the sale; and the remainder of the purchase money must absolutely be paid within the time announced by the Auctioneer and before the examination or removal of the goods.

8 The time allowed for payment of bills and removal of goods is either printed in the catalogue or announced by the Auctioneer and can always be obtained from the office of the Auctioneers. It is the duty of all purchasers to inform themselves thereof and no responsibility shall rest upon the Auctioneer by reason of the purchaser's ignorance thereof.

9 All purchases made at this sale are at the purchaser's risk as soon as they are struck off; the Auctioneers not being responsible if all or any part of such purchases be lost, stolen, damaged or destroyed; however, without assuming any responsibility the Auctioneers will take all usual precautions for the care and protection of the goods during the time allowed for the removal thereof.

10 All claims must be made before the removal of the goods.

11 In case of purchases for which settlement is required by estimated or actual weights, counts or measures, no adjustments will be made after the time allowed by the Auctioneers for the removal of the purchases. No adjustment made on items sold by the lot.

12 The record kept by the clerk of the sale, together with the marked catalogue of the Auctioneers, shall in all cases be accepted by the buyers as final when any question arises.

13 In addition to any other remedies given by law to the seller, it is agreed that in case of failure by the purchasers to comply with these terms, the money deposited in part payment shall be forfeited; all lots not paid for and removed within the time allowed by the Auctioneers shall be re-sold at public or private sale without further notice, and the deficiency (if any) attending such re-sale shall be made good by the purchasers at this sale, together with all charges and expenses which may be incurred by reason of their failure to comply with the terms of sale.

14 The Auctioneers will not be liable for non-delivery of any article above the amount paid by the purchaser of such article.

15 Commissions to purchase will be executed by the Auctioneers without charge, such purchases, however, being made subject to the terms of sale.

16 In case of lots upon which there is a reserve, the Auctioneers shall have the right to bid on behalf of the seller.

17 All sales made by order of the Court are subject to the confirmation of the Court ordering the sale. The Auctioneers reserve the right to reject any or all bids.

18 Deposits must be paid in cash or in certified check. Deposit receipts must be returned to the representative of the Auctioneers at time and place of payment of bill or no credit can be allowed therefor.

19 In cases where items are sold by estimated weight, count or measure, the purchaser will be billed for and required to pay for the estimated weight, count or measure. If any shortage be shown upon delivery the purchaser will be rebated therefor at the rate of purchase. If there be an excess over the estimated weight, count or measure the purchaser will be required to take such excess at the rate of purchase.

20 In every case where samples of the lots are shown, these samples to the best of our belief are true and fair, but bidders are cautioned that they must make examination of lots before the sale and no allowance will be made on account of any difference between the sample and the lot. The location of every lot is obtainable from the Auctioneers and it is the duty of purchasers to make examination before the sale. In cases of lots sold by description, the information has been obtained from reliable sources and is believed to be correct, but cannot be guaranteed.

21 The Auctioneers are in no manner connected with the business of the cartage or packing and shipping of purchases, and although they will afford to purchasers every facility for employing careful carriers and packers, they will not hold themselves responsible for the acts or charges of the parties engaged for such services.

22 The Auctioneers reserve the right to withdraw from sale any of the property herein listed or to sell at this sale property not herein listed, and also reserve the right to group one or more lots into one or more selling lots or to subdivide lots into two or more selling lots.

23 The Auctioneers are acting as agents only and are not responsible for the acts of their principals. The name and address of the person placing any property with us for sale will be given to the purchaser upon request.
